

KITCHEN TRAILER

Our Kitchen Trailers are fully functional, stainless steel commercial kitchens housed inside 28' or 53' trailers. With the capacity to feed up to 2,500 people, our unique and completely mobile trailer allows for food preparation on the go, anytime, anywhere. Whether you need a mobile kitchen for an event or music festival, to feed a large amount of people due to a natural disaster or emergency situation, military training or business continuity services, our Kitchen trailer solution can accommodate your short and long-term needs.

All Kitchen Trailer units include full on-site set-up, support, and removal services, and feature easy-to-clean stainless steel surfaces, non-slip flooring, and are fully equipped with the following:

Our 28-foot trailer includes:

- Warming cabinet
- 2-door refrigerator
- 3 basin sink
- 1 hand sink
- Six burner range with oven

- 30 gallon tilt skillet
- Exhaust hood with fire suppressor
- 36' flattop griddle
- 40 lb fryer
- Stainless steel table w/ 3 under shelves
- Double convection oven
- Dishwasher
- 1-door freezer
- Utilities include full electric, water supply, and propane gas

Additionally, we work closely with our clients to accommodate their kitchen and food preparation needs, developing food service logistical plans, custom menus, food service traffic flows, timing, etc. It is our goal to ensure our clients are provided efficient and high quality food service, working towards delivering high quality, custom-tailored solutions.

Deployed Resources also offers food service capabilities with the option to add chefs as well as full service staff for your food service and dining needs.
